EMVCo	***Contactless Kernel C-5 Implementation Conformance Statement Version 2.11***

ICS Reference Number and Validity Period (for EMVCo administrative use only)	
ICS Reference Number:	
Valid from:	
Valid to:	

Notice: ***This ICS form must be completed for products implementing the Kernel C-5 submitted to receive EMVCo Contactless Product testing and compliance/approval. ICS form must be completed in its entirety and provided along with the corresponding "ICS - Contactless Product".***

Part Ia - Administrative		
Product Provider Identification		
M	Company Legal Name: (As listed on the Letter of Registration)	
M	EMVCo Registration Number:	
Laboratory Identification		
M	Company Legal Name:	
M	EMVCo Registration Number:	
ICS Submission Type		
M	Select submission type	<Select>
C	For any submission except Initial, please provide the EMVCo letter of approval reference number of the previously approved product (if already granted)	
M	Is this ICS a replacement of a previously accepted ICS?	☐ Yes ☐ No
C	If Yes. please provide the reference number of the previously accepted ICS	
C	If Yes, please provide the reason for replacing the ICS	<Select>
C	If Yes, please provide details of ICS replacement

General Information

Operational Information		
	Kernel Architecture is	<Select>
	Submission of Kernel	<Select>
	Change made if a Derivative Product	☐ Change in PCD
		☐ Change in IFM
		☐ Adding a new configuration in the Contact Kernel (if present)

Vendor Identification			
	Company Name		
	Contact Name		
	Title		
	Address		
		Postal code	
		City	
		Country	
	Telephone		
	E-mail		
	Date		

Product Identification		
	Product Marketing Name	
	JCB Contactless L2 Application (kernel 5) Name	
	JCB Contactless L2 Application (kernel 5) Version	
	Operating System/Platform	
	Operating System /Platform Version	
	CPU	
	RAM size	
	Communication Interface and API with the PCD	
	Is the Product compliant with EMV Specification bulletins No.313?	☐ Yes ☐ No
	JCB Contactless L2 Kernel (kernel 5) Checksum	
	Product Type	<Select>
	Terminal Type *(Follow EMV Book 4 annex A1 to fill 1 byte Terminal Type)*	

Copyright ©2025 EMVCo, LLC. All rights reserved.

PCD Identification		
	PCD ID	
	PCD software name	
	PCD hardware/Model	
	PCD software version	

EMV Contactless L1 Approval Number		
	EMVCo Contactless L1 Approval Number	
	If the company that obtains EMVCo Contactless L1 Approval is different from the Vendor applying for JCB Terminal Type Approval, please specify the reason.	

Other Interface Information		
	Does the device support contact interface?	<Select>
	Does the device support MS interface?	<Select>
	Please specify if any interface other than Contact / MS is supported	

PIN Entry Device Identification			
	Does the product support PIN entry functionality?		<Select>
	If yes please provide below details :		
		PED Model Name	
		PED Software Version	

Contactless reader Details		
	Sample Reader Serial Number	
	Version	
	Production Date	
	Other information if any

Product Information

Transaction Modes			
	Description	Value	Required Entry (*) (*) "Required Entry" means whether it is mandatory to enter the value.
EMV mode	Support of Transaction Mode that processes chip data. *Shall be supported.	Yes	Mandatory
Legacy mode	This may be required to satisfy specific market requirements. *Shall be supported.	Yes	Mandatory
Note: The reader shall always support EMV Mode and Legacy Mode. *Please refer to EMV Contactless Specifications for Payment Systems Book C-5 for more information.*			

Offline/Online Capability				
		Description	Value	Required Entry
	Offline-only	The product is offline only	<Select>	Mandatory
	Online/Offline capable	The product has online capability	<Select>	Mandatory
	Online-only	The product is online only	<Select>	Mandatory
Note: To support Legacy mode terminal must have online capability. Please select only one of the above options				

Terminal Type				
		Description	Value	Required Entry
	ATM supported	Is the reader used as ATM?	<Select>	Mandatory
	ATM Only	Is the reader used ***only*** as ATM?	<Select>	Mandatory if ATM supported is Yes
	Unattended Merchant Terminal Only	Is the reader used only as Unattended Merchant Terminal?	<Select>	Mandatory

Copyright ©2025 EMVCo, LLC. All rights reserved.

Offline Data Authentication				
		Description	Value	Required Entry
	Offline Data Authentication	Does the product supports CDA? (*1)Shall be supported	<Select>	Mandatory
	CA Public Key Size	What is the maximum supported Certificate Authority Public Key Size? *(**Mandatory** for Offline capable reader supported for 248 bytes)*		Mandatory if ODA is supported
	Supported Exponent	What exponent does the reader support? *(**Mandatory** for device supporting Data Authentication, 3 and 2^{16+1})*		Mandatory if ODA is supported
	Revocation Certificate Check	During data authentication does the reader check validity for revocation of Issuer Public Key Certificate?	<Select>	Mandatory if ODA is supported
	Certificate Revocation List Format	When supporting certificate revocation, what is the Certification Revocation List format? *(CRL format must include: RID, CA Public Key Index, Certificate Serial Number, and optional additional data)*		Mandatory if Revocation Certificate Check is supported
	Validation of certificates	When does the kernel perform validation of certificates used for offline data authentication?	<Select>	Mandatory if ODA is supported
*Note: (*1) Implementations for offline-capable readers, transit readers, or readers accepting On-Device CVM shall support Offline Data Authentication.* *Please refer to EMV Contactless Specifications for Payment Systems Book C-5 for more information.*				

Copyright ©2025 EMVCo, LLC. All rights reserved.

CVM supported				
		Description	Value	Required Entry
	Online PIN	Online PIN supported. (*1)Shall be supported	<Select>	Mandatory
	Signature	Signature supported. (*2)Shall be supported	<Select>	Mandatory
	On-Device CVM	Mobile device can verify the CVM. (*3)Shall be supported	<Select>	Mandatory
Note: *(*1): Support of Online-PIN is optional if the reader supports (A)Transit only, or (B) Offline only, or (C)Unattended Merchant Terminal only.* *(*2) Support of Signature is optional if the reader supports (A)Transit only, or (B)ATM only, or (C)Unattended Merchant Terminal only.* *(*3) Support of On-Device CVM is optional if the reader supports (A)Transit only, or (B)ATM only.* *Please refer to EMV Contactless Specifications for Payment Systems Book C-5 and EMV Book A for more information.*				

Transaction Types supported				
		Description	Value	Required Entry
	Purchase	Purchase transaction supported *Shall be supported.	Yes	Mandatory
	Purchase with cash back	Purchase with cash back transaction *Shall be supported.	Yes	Mandatory
	Cash advance	Cash advance transaction supported *Shall be supported.	Yes	Mandatory
	Refund	Refund transaction supported *Shall be supported.	Yes	Mandatory
Note: All the transaction types shall be supported.				

Copyright ©2025 EMVCo, LLC. All rights reserved.

Terminal Limits				
		Description	Value	Required Entry
	Contactless Transaction Limit	Contactless transaction limit supported? *Shall be supported.	Yes	Mandatory
	CVM Required Limit	CVM required limit supported? *Shall be supported.	Yes	Mandatory
	Contactless Floor Limit	Contactless floor limit supported? *Shall be supported.	Yes	Mandatory
	On-Device CVM Contactless Transaction Limit	On-Device CVM Contactless Transaction Limit supported? *Shall be supported.	Yes	Mandatory
Note: Contactless Floor Limit is used in EMV mode only.				

Terminal Risk Management Options				
		Description	Value	Required Entry
	Exception file check	Exception file check supported (*1)	<Select>	Mandatory
	Random transaction selection	Random transaction selected for online supported (*2)	<Select>	Mandatory

Note: Above options are used in EMV mode only.

(*1) *Exception file check is mandatory if the reader supports transit transaction.*

(*2) *Support of Random Transaction Selection is mandatory if Online/Offline capable is Yes. Otherwise (in case of Offline-only or Online-only is Yes), support of Random Transaction Selection is optional.*

Please refer to EMV Contactless Specifications for Payment Systems Book C-5 for more information.

Transit Reader				
		Description	Value	Required Entry
	Transit Reader	Does the reader support transit transactions?	<Select>	Mandatory
	Transit Only	If Yes, is the reader used only as a Transit reader?	<Select>	Mandatory if Transit Reader is Yes

Issuer Update				
		Description	Value	Required Entry
	Issuer Update	Does the kernel support issuer update processing?	<Select>	Mandatory

Copyright ©2025 EMVCo, LLC. All rights reserved.

Pre-processing Support				
		Description	Value	Required Entry
	Status Check	Does the reader support Status Check? *Shall be supported.	Yes	Mandatory

Application Selection Support				
		Description	Value	Required Entry
	Extended Selection	Does the reader support Extended Selection? *Shall be supported.	Yes	Mandatory

Others				
		Description	Value	Required Entry
	Validation of records	When does the kernel perform the validation of records?	<Select>	Mandatory
	Value Qualifier in User Interface Request	Does the reader support Value Qualifier in User Interface Request? *Shall be supported.	Yes	Mandatory

Copyright ©2025 EMVCo, LLC. All rights reserved.

Printing Receipts				
		Description	Value	Required Entry
	Paper signature	Does the reader support capability for Paper Signature?	<Select>	Mandatory
	Electronic signature	Does the reader support capability for Electronic Signature?	<Select>	Mandatory
	Capability for Electronic signature	If yes, Is the reader connected to a device with capability for Electronic Signature, or does the reader itself has capability for Electronic Signature?	<Select>	Mandatory if Electronic signature is Yes
	Printer	Is the reader connected to a device with printing capability, or does the reader itself has printing capability?	<Select>	Mandatory
	Printer connection	If yes, Is the reader connected to a device with printing capability, or does the reader itself has printing capability?	<Select>	Mandatory if Printer is Yes
Note: Paper signature or Electronic signature is available if signature is supported.				

Display Support				
		Description	Value	Required Entry
	Display for the Balance or the Amount	Does the reader support a display for the Balance or the Amount?	<Select>	Mandatory

Field Management				
		Description	Value	Required Entry
	Auto Start	Automatic start of the next transaction is supported (Auto run)	<Select>	Mandatory
	If yes, what is the transaction type :		<Select>	Mandatory if Auto Start is Yes
	Fixed Amount	Fixed amount transaction supported	<Select>	Mandatory
	If yes and a specific value is used, then please specify the value :			Mandatory if Fixed Amount is Yes and a specific value is used

JCB Application Identifier			
	Descriptions	Value	Required Entry
	Is the JCB RID "A000000065" hardcoded in the JCB L2 Contactless Application (kernel 5)?	<Select>	Mandatory
	Is the JCB L2 Contactless Application (kernel 5) able to handle multiple RIDs?	<Select>	Mandatory
