EMVCo	***Contactless Product Implementation Conformance Statement Version 2.11c***

ICS Reference Number and Validity Period (for EMVCo administrative use only)	
ICS Reference Number:	
Valid from:	
Valid to:	

Notice: ***This ICS form shall be completed for products submitted to receive EMVCo Contactless Product testing and compliance/approval. The form shall be completed in its entirety.***

Part I - Administrative		
Product Provider Identification		
M	Company Legal Name: (As listed on the Letter of Registration)	
M	EMVCo Registration Number:	
Laboratory Identification		
M	Company Legal Name:	
M	EMVCo Registration Number:	
ICS Submission Type		
M	Select submission type	<Select>
M	Is this ICS a replacement of a previously accepted ICS?	☐ Yes ☐ No
C	If Yes. please provide the reference number of the previously accepted ICS	
C	If Yes, please provide the reason for replacing the ICS	<Select>
C	If Yes, please provide details of ICS replacement	

Copyright ©2025 EMVCo, LLC. All rights reserved.

Type of Submission		
C	For Derivative Submission, select the reason of change: • Entry Point change • Kernel change • Additional C-n Kernel(s) • PCD changes. *When Adding or changing kernel, please identify the kernel(s) detail in Part IV* *When changing a PCD, please identify the detail in Part II*	☐ ☐ ☐ ☐
C	For Derivative Submission, provide the EMVCo letter of approval reference numbers of the Kernel(s) of the Parent Product in which the change are made:	
C	For Administrative Submission, provide the EMVCo Letter of Approval Numbers of the Parent Products for all components of this Product submitted:	
	- Contactless Product Letter of Approval Number of the Parent Product of the Book A&B Module used	
	- Contactless Product Letter of Approval Number(s) of the Parent Product(s) of the PCD Module used (multiple entries if multiple PCDs are supported)	
	- Contactless Product Letter of Approval Number of the Parent Product of the Kernel C-2 (if present)	
	- Contactless Product Letter of Approval Number of the Parent Product of the Kernel C-3 (if present)	
	- Contactless Product Letter of Approval Number of the Parent Product of the Kernel C-4 (if present)	
	- Contactless Product Letter of Approval Number of the Parent Product of the Kernel C-5 (if present)	
	- Contactless Product Letter of Approval Number of the Parent Product of the Kernel C-6 (if present)	
	- Contactless Product Letter of Approval Number of the Parent Product of the Kernel C-7 (if present)	
	- Contactless Product Letter of Approval Number of the Parent Product of the Kernel C-8 (if present)	

Copyright ©2025 EMVCo, LLC. All rights reserved.

C	For Renewal, provide the EMVCo letter of approval reference numbers of the Kernels of the Product to renew:	

Note: In case of Multiple Laboratories involved in the approval, it is the responsibility of the Main Lab to distribute the approved ICS to the other laboratories.

PART II – Contactless Product Identification	
Product Name	
Product Version	
Family of Product(s) Name	

	Product Hardware and Interface Configuration Identification	
M	Please identify the CPU	
M	Please identify the RAM size	
M	Please identify the OS Name and version	
M	Please identify the Hardware and Software Interface (between Hardware running the Contactless Product Software and the PCD)	

The Contactless Product software (Book A & B, Kernels C-2 to C-8 software) may be contained within a single location or split across several subcomponents (ECR, PIN pad, server, mobile etc.). These hardware location(s) must be fully described below:

In this table <u>at least the first row must be filled</u>.

Hardware Product Name	Hardware Product Version	Type of Component	Software module contained in the hardware component(s)	OS Name	OS Version
		<Select>			
		<Select>			
		<Select>			
		<Select>			

M	Product follows Modular Architecture	**YES**

PCD (Contactless Level 1) Approval References ***Nota: Only 1 PCD allowed for an Initial Submission***	1.	2.
	3.	4.
	5.	6.
	7.	8.
	9.	10.
M	Has the 'Contactless Symbol' present on the PCD of the Product (presence was verified during the PCD Level) been modified?	

Copyright ©2025 EMVCo, LLC. All rights reserved.

The Entry Point software may be contained within a single physical location or split across several physical subcomponents devices (ECR, PIN pad, server, mobile etc.), these hardware location(s) must be fully described below:						
Hardware Component Name	Type of Hardware Component	Component Software Name	Component Software Version	Component Software Checksum	OS name of the Component	OS version
	<Select>					
	<Select>					
	<Select>					
	<Select>					

	Applications			**Value Supported**
	Please identify the Payment System Applications (Kernels) loaded on the device(s) at the time of testing,			
		Specification Version		
O	Kernel C-2			
O	Kernel C-3			
O	Kernel C-4			
O	Kernel C-5			
O	Kernel C-6			
O	Kernel C-7			
O	Kernel C-8			
O	Proprietary			
O	Proprietary			
O	Proprietary			
O	Proprietary			
O	Proprietary			
	For each application identified above, please identify:			
		Application Name	Version	Checksum Value
	Kernel C-2			
	Kernel C-3			
	Kernel C-4			
	Kernel C-5			
	Kernel C-6			
	Kernel C-7			
	Kernel C-8			
	Proprietary			
	Proprietary			
	Proprietary			
	Proprietary			
	Proprietary			
	For each application identified above, please identify laboratory performing the test session			
		Laboratory Name	Laboratory Address	Laboratory Contact
	Kernel C-2			
	Kernel C-3			
	Kernel C-4			
	Kernel C-5			
	Kernel C-6			
	Kernel C-7			
	Kernel C8

	For Entry Point (Book A & B) please identify:			
		Application Name	Version	Checksum Value
	Book A & B			
	For testing purpose please identify			
		Application Name		Version
	Test kernel 1			
	Test kernel 2			
	Test kernel 3			
	Test kernel 4			
	Test kernel 5			
	Test kernel 6			
	Test kernel 7			
	Test kernel 8			
	Test kernel 9			
	Test kernel 10			
	Test kernel 11			
	Test kernel 12			
	Test kernel 13			
	Test kernel 14			
	Test kernel 15			
	Test kernel 16			
	Test kernel 17			

Note: The Checksum value shall be provided by the Product Vendor to the Main lab (if multiple laboratories involved). Main Lab shall communicate these values to the other Labs.

PART III – EMV® Specifications	
Book A & B Specification Version:	

PART IV – Payment System Applications & Capabilities

	Contactless Capabilities at Contactless Product level (used for Independency Testing)	Value Supported and activated
	Transaction Type supported and activated at Product level for C-2 (if Kernel is listed present in section II), at least one must be activated	
O	Purchase	
O	Purchase with Cashback	
O	Cash Advance	
O	Refund	
	Transaction Type supported and activated at Product level for C-3 (if Kernel is listed present in section II), Purchase Mandatory, other optional	
O	Purchase	Yes
O	Purchase with Cashback	
O	Cash Advance	
O	Refund	
	Transaction Type supported and activated at Product level for C-4 (if Kernel is listed present in section II), ALL Mandatory except Purchase with Cashback (not supported)	
O	Purchase	Yes
O	Purchase with Cashback	N/A
O	Cash Advance	Yes
O	Refund	Yes
	Transaction Type supported and activated at Product level for C-5 (if Kernel is listed present in section II), At least one must be supported	
O	Purchase	
O	Purchase with Cashback	
O	Cash Advance	
O	Refund	
	Transaction Type supported and activated at Product level for C-6 (if Kernel is listed present in section II), At least one must be supported	
O	Purchase	
O	Purchase with Cashback	
O	Cash Advance	
O	Refund	
	Transaction Type supported and activated at Product level for C-7 (if Kernel is listed present in section II), At least one must be supported	
O	Purchase	
O	Purchase with Cashback	
O	Cash Advance	
O	Refund	

Copyright ©2025 EMVCo, LLC. All rights reserved.

	Transaction Type supported and activated at Product level for C-8 (if Kernel is listed present in section II), At least one must be activated	
O	Purchase	
O	Purchase with Cashback	
O	Cash Advance	
O	Refund	
	Multi Interface support	
O	Does the terminal support Contact transaction	
	User Interface request	
O	Does the terminal support Language Preference in User Interface Request?	
O	List the Language preference codes supported	
	List the Unsupported Language preference codes (if possible list three unsupported languages), for testing purpose only	
M	Does the terminal support the Application Selection Registered Proprietary Data (ASRPD)?	
O	Does the terminal support Value Qualifier in User Interface Request?	
O	List the Currency Codes supported as for ISO 4217	
	Pre processing support	
O	Does the terminal support Status Check	
	Application Selection support	
O	Does the terminal support Extended Selection	
	Autorun Parameter support	
O	Does the terminal support Autorun	
C	If yes at previous question, Can the Autorun be deactivated?	

Copyright ©2025 EMVCo, LLC. All rights reserved.

	***POI Information* support**	
O	Does the terminal support the POI Information?	

	Checksum	Value Supported
M	Does the product comply with the Checksum rules as defined in Contactless Product administrative process	YES
